3<sup>rd</sup> July, 2017

In response to our tender notice no. PWS/141/2016/32, representatives of the following prospective bidders / firms / companies were attended the pre-bid meeting: -

- 1) M/s. Power Grid Corporation of India Ltd., Pune
- 2) M/s. BSNL, Pune
- 3) M/s. Vodafone, Pune

At the outset convener of the meeting welcome to all the members & representatives of the prospective bidders / firms / companies and briefed about the submission of online eprocure system. Indenting Officer briefed the tender documents, scope of the work & technical parameters. Representatives of the prospective bidders / firms / companies were asked about any suggestion, queries or technical advancement regarding tender document and & services to be procured

The basic requirements of the ILL service is explained to all the bidders, Institute is presently having 1 Gbps redundant links provided by NIC-NKN for which the last miles are been catered through two different ISP's. The requirement of this tender is to have another independent link (ILL service) as a backup in case of breakdown of the existing links through NKN Internet services.

The following are the points discuss and change requests agreed upon:

1. **Clause no GCC 2.12:** Delivery period has been revised to four weeks.
2. **Clause no 3.4.2:**DDoS option is not required.
3. **Clause no 3.4.7:** Uptime of 99.9% is modified to 99.5%.
4. **Clause no 3.3.3 :** ISP Should have extensive peering relationship with large nos.of global tier-1 & regional tier-1 ISPs across globe. The details should be mentioned in the technical bid.
5. **Clause no 3.3.5 :** Submarine cable clause is removed.

The Pre-bid Committee suggested continuing / keeping the tender document as it is incorporating the changes detailed as above.

The meeting ended with vote of thanks to the members.
